

# FMLA and Disability Form Completion

Managing FMLA and Disability forms in-house is time-consuming and costly to your practice. Let Sharecare handle this essential back-office administrative task so you can focus on patient care and reduce operational expenses.

**How Sharecare can help:** Sharecare's highly trained, Best in KLAS representatives manage the entire FMLA and Disability Form completion process to help reduce the stress already amplified by staffing shortages and allow your staff to focus on patient care and patient satisfaction.

## Forms supported

- FMLA – Family and Medical Leave Act
- STD – Short Term Disability
- Accident Claim Form
- Surgical Stay Claim Forms
- Long Term Disability

## Service features

- Daily processing of forms
- Expedited turn around time (TAT)
- Optional full-service phone support

## Full workflow transparency

Sharecare's user-friendly, self-service web portal provides the patient with 24/7 status updates. The patient receives automated email updates as their form moves through the completion process – providing full transparency and generating patient confidence.

## Optional payment portal:

Patients can make secure payments 24/7 via our self-service online payment portal.

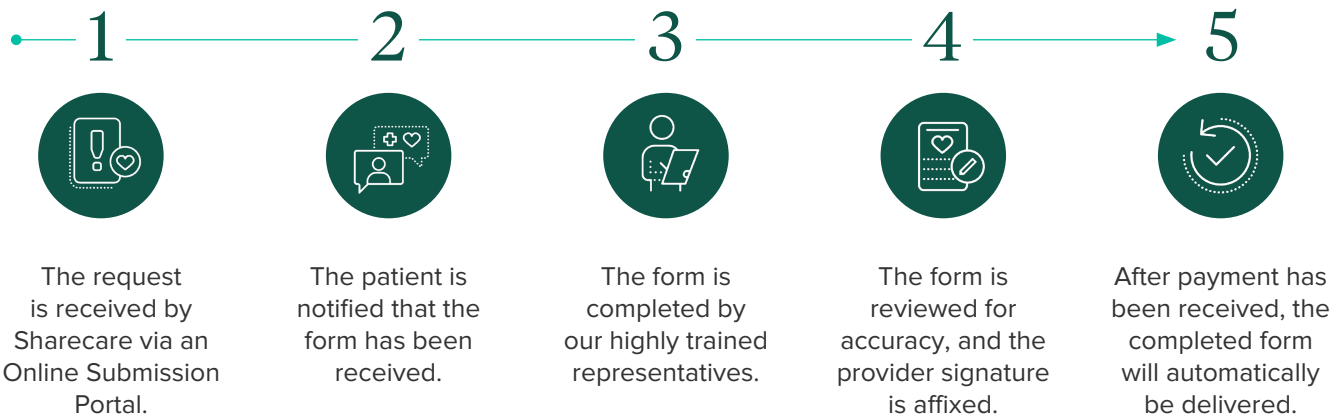

## Benefits of working with Sharecare:

- Experienced Certified Release of Information Specialists
- Sharecare's IT security processes and protocols are recognized by the largest healthcare organizations in the United States
- Exclusive multi-step quality check process
- Industry-leading turnaround time
- Responsive customer service
- Intuitive, self-service experience available to the patient
- Turnkey onboarding solution for the practice
